901010 35'-40' Universal

If you plan on putting wide wheels and tires on your car or pro-streeting it, we have just what you need. Our universal deep wheel well kit (No. 901010) was designed just for that purpose. These 18 Gauge Cold Rolled All Steel Wheel Tubs 36" from end to end and a full 14" deep. You can install these beauties in as deep as you like for your particular project. All Our Deep Wheel Tub Kits Have Mounting Angles.

Our deep wheel well kits will help you eliminate tire interference often encountered with those wide pro-street tires, off-set wheels, independent suspension or normal body roll on sedans. Our wheel wells come in standard width of 8". Deeper wheel wells can be special ordered for an additional cost of \$35.00.
